Outcome

Impact

Goal

The lives of disadvantaged young people at risk of having their futures disrupted by the criminal justice system are transformed

Reoffending rates for young people are reduced

First offences for high-risk young people on the edge of the criminal justice system are avoided

Project and strategic grants made to organisations supporting young offenders and those at high risk of offending

Organisations provide relevant and accessible projects for at risk vulnerable hard to engage young people, or develop work that will achieve long term systemic change

Young people avoid involvement with the criminal justice system and are able to move on positively with their lives

Networking opportunities between grantees supported

Grantees are able to share their challenges and achievements and learn from each other

Grantees can refine their programmes and increase their likelihood of a successful intervention

Capacity building of grantees provided

Grantees strengthen their core functions

Organisations will be more resilient and able to plan their programmes over the long term

Sharing learning of what works widely

Better evidence and understanding of what success looks

Sector does more of what works than what doesn't
